Techcare for Education

Techcare IT Support Services

Techcare specialise in IT integration, training and support for primary and secondary schools throughout the UK.

We have a team of skilled professionals who are dedicated in providing in-school technical support to resolve hardware and software faults.

We can provide your school with remote support to allow our technicians, with your permission, to access servers, computers and mobile devices remotely to diagnose and resolve faults.

Our helpdesk staff are always pleasant and professional. Their focus is to respond to any enquiries in a fast and efficient manner.

Techcare Specialist Areas

- ✓ IT Suite management software - Allowing teachers to control internet access, printing, sound, and applications of pupils workstations.
- ✓ School display screens – Information relevant to parents, teachers and pupils can be displayed on screens around the school including timetables, achievements and upcoming events.
- ✓ Behaviour management software – We have built our own software with the help of teachers to log incidents and provide behaviour reports.

- ✓ School websites - Let us convey the right image for your school on the web.
- ✓ Mac for schools - We supply, support and integrate Apple Mac's, iPad's and Macbook's.
- ✓ Interactive whiteboards - We supply and install Smart and Promethean whiteboards.

iPad Learning Bundle

A design that's thin and light enough to take anywhere. iPad 2 isn't just the best device of its kind - it's a whole new kind of device.

Through a more engaging experience, iPad 2 empowers young people to take advantage of a whole new approach to learning.

- ✓ Apps and books for Education: With the iPad 2, iBooks and the App Store, the classroom is always at your fingertips. There are thousands of education apps available to download.
- ✓ Maximise productivity in and outside the classroom. The three iWork productivity applications help students and teachers put together professional-looking documents, presentations and spreadsheets no matter where they are.
- ✓ Enable Creative ICT - use iMovie and GarageBand to uncover hidden talent in the classroom.

We have coupled the innovative nature of the iPad 2 with the brand new Atesum NoteCase with NoteSync. The NoteCase holds and charges 16 iPad 2's in addition to storing one Macbook or laptop and provides easy synchronisation of all of the devices from your master laptop or Macbook.

16 x iPad 2 16GB

iPad Training, Tuition and Help

A Helping Hand

Touch screen technology has had a huge impact in making computing more interactive and user friendly.

Techcare realise that more schools are beginning to use iPad's in the classroom. This is why we have tailored teacher and pupil iPad training courses to suit your requirements.

What we do

- ✓ An overview of popular education apps
- ✓ Connect your iPad to a projector
- ✓ Syncing multiple iPads from one laptop
- ✓ Printing from your iPad
- ✓ Adding your music, videos or podcasts to your iPad
- ✓ Purchasing apps & navigating the iTunes store
- ✓ Configuring parental controls on your iPad
- ✓ Setting up mail, calendars and shared contacts
- ✓ Using Pages, Numbers and Keynote

Website Design & Development

Techcare have an in-house web team ready to design and develop your school website.

We can supply the entire package from photography, video and design right through to the final product. Our experience in developing school websites ensures all our designs are aimed at core users from parents and teachers to pupils alike with usability and functionality as key aspects.

Web Based Services

- ✓ Website design
- ✓ Learning platform integration
- ✓ Parent's newsletter emails
- ✓ Content management systems
- ✓ Online image gallery
- ✓ School promotional videos
- ✓ Photography
- ✓ Mobile & tablet web apps

Bespoke Development

Our development team can provide complete bespoke solutions including internal school intranets, incident reporting systems and more.

With over ten years experience in web design and development we ensure all our work is produced to the highest quality HTML5/CSS 3 coding. Conforming to Web usability standards & Guidelines (W3C & WAI 2) with accessibility and screen readers built in for disabled users.

Techcare Ink Cartridges and Toners

Go Green, Save Money!

We stock a huge range of compatible inkjet cartridges, remanufactured monochrome and colour cartridges and laser toners for all printers and fax machines including :

LEXMARK
